

Announcing the Recycling Coalition  
of West Virginia  
**Achievement Award**

This year on America Recycles Day we are taking the opportunity recognize those within our communities that reach beyond their normal responsibilities to contribute time and service to demonstrate that recycling is beneficial; those that have made recycling a part of their life and contributed to their community through their dedication to recycling.

Each local county or regional solid waste authority will have the opportunity to nominate a "Recycling Champion" from their perspective areas.

Nominees can be individuals, groups, businesses or civic groups that have provided significant recycling leadership to the county/region or someone who has made a significant contribution to improve recycling within their community.

Each winner will receive a specially designed commemorative lapel pin and a certificate of recognition from their solid waste authority and the Recycling Coalition of WV, Inc.

Solid Waste Authorities are promoting the recognition award within their counties and although the deadline for the 2006 awards was Oct. 16, 2006, there is plenty of time for you to get your name or your organization's name in the running for next year. Contact your local solid waste authority for details.

Don't forget to check our web site [www.wvrecycles.com](http://www.wvrecycles.com) for the names of the 2006 Champions. (Winners will be announced by November 15, 2006.)
